

WHAT FORCES  
ARE DRIVING YOUR  
ENERGY AND  
SUSTAINABILITY  
INITIATIVES?

## INVESTMENT IN ENERGY AND SUSTAINABILITY MANAGEMENT PAYS OFF

Ecova helps multi-site companies find opportunities to drive bottom line savings and improve efficiencies across their organization. We do this through blending data and technology, with people and insight to drive power results with a focus on energy, water, waste and carbon.

### DATA

#### REVEAL OPPORTUNITY

Ecova has been managing data for 20 years and knows how to analyze it for accurate planning, forecasting and budgeting.

### INSIGHT

#### RESHAPE STRATEGY

Leverage the data collected into a powerful business strategy. Guide investments, change business practices, and manage assets.

### ACTION

#### SEE RESULTS

Fully implement strategies and programs to take energy, water, waste and carbon management to the next level.

## DRIVE POWERFUL RESULTS

# \$ 2.1 BILLION

IN IDENTIFIED SAVINGS

Identified savings are a combination of direct and indirect savings as well as avoided costs since 2013.
